Classroom/School News:

 This week is Spring Break. Some of you wanted to continue working so I will continue to send out the daily email and Zoom at 9:00. The workload will be much lighter this week so that we can all have some fun too! The work being sent daily is just a suggestion and a modified version of what we would we would most likely be doing in class. In doing this together, we will keep their learning on target, or as close to it as we can.

 While we are home, I am still collecting tabs for the Ronald Mcdonald House. If you drink anything that comes in a can, please help and "pop those tabs". They are small and don't take up much space but make HUGE differences for those in need. I have a small zip-lock bag attached to my refrigerator and just drop them in as I open my drink. Please consider asking friends and neighbors to help us in this project. A little extra help can go a long way!

 Thank you for trusting me in this adventurous learning opportunity. I continue to feel that we are doing a great job in working together during this time of uncertainty and things are seeming to fall in place. Keep praying and staying strong. This too will pass and we will all be stronger because of it!

Students of the Week: Our Parents and Students!!!

Thank you to all of you!
We have all seemed to come together well with this wonderful learning opportunity. The kids have stepped up with their learning and work. The parents are blowing me away with their commitment and dedication to learning as well.

Stay strong team!!!

YOU ROCK!!!
